Weddings

welcome

Your wedding is a very special occasion, both a sacred commitment and a joyful social celebration. As photographers, our objective will be to create beautiful, memorable images that express your personality and style. We are very experienced in photographing weddings and we know how to deliver a great visual documentary while respecting your need for privacy and intimacy. Weddings are magical! So we see our job as simply capturing that magic in the most authentic way – unobtrusively, honestly, joyfully.

Anna Creissen Photography is a boutique photography studio, offering high end digital photographic capture, as well as fine art prints, custom albums, and framed pictures. We have been photographing weddings since 2006 and as members of Wedding & Portrait Photographers International we attend several workshops each year to stay ahead of the latest photographic techniques and styles.

Because we often shoot side by side with award winning photographers that challenge our creativity you will find us very adaptable, easy to work with, and capable of achieving a great range of photographic outputs. Our photographic style is young and modern, mixing elements of photojournalism, formal portraiture and fashion shoot. We hope that you like our style and we look forward to getting to know you and your future spouse. We will answer your questions, discuss your preferences and help you decide the level of photographic coverage that is best for you.

frequently asked questions

HOW WOULD YOU DESCRIBE YOUR STYLE?

Our overall style is referred to as “Fashion Photojournalism” as we like mixing free-flowing photojournalism shots with high end lighting techniques that create the flattering looks found in fashion magazines. This brochure and our portfolio illustrate our range of styles so let us know which pictures you like most. This is the best way for us to get to know your own preferences!

WE LOVE YOUR STYLE BUT WOULD LIKE TO HAVE SOME FORMAL PORTRAITURE. IS THIS SOMETHING YOU DO?

Absolutely, there are several occasions during the wedding day that land themselves well to formal portraits. Our personal favorites include posing the groom and groomsmen before the ceremony, the complete wedding party after the ceremony and the bride and groom on their own before the dinner. During our preparation meetings we will ask you which specific group shots you require and we will include them in our schedule. Booking a second photographer adds a lot of flexibility, letting us reduce set-up time for formals, or allowing to shoot different groups at the same time. But most importantly, don't hesitate throughout the wedding day to pull us aside whenever you want specific formal shots taken.

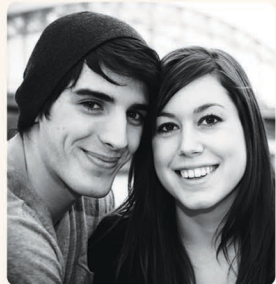

DO YOU SHOOT WITH FILM OR DIGITAL?

Digital! All our cameras (we will bring at least three to a wedding) are CANON Digital SLR with resolution ranging from 8MP to 21MP. Digital gives us a great creative latitude, as well as a faster workflow that will let us deliver your proofs in about three weeks.

CAN YOU TAKE SOME B&W PICTURES?

Another great thing about digital is that we can develop any picture in Color or B&W. We will mix in several B&W in your proofs to give you more print choices.

DO YOU RECOMMEND AN E-SESSION?

We highly recommend an Engagement Session as it will give us a chance to really get to know you, find your best angles, and help you become comfortable with your photographer. In the end, it is all about having a fantastic wedding day and enjoying our documenting of those special and most beautiful moments.

raves

As a wedding planner it is wonderful to have a great photographer to capture all of our hard work and memorable moments. You can have a perfect day but it's the pictures that say a thousand words! Anna was a true professional and was always right there to grab the perfect shots. I would be honored to work with her again!

My husband and I used Anna Creissen as our photographer for our wedding last June and we were extremely impressed with her services! Anna took the time to meet with us on several occasions, before the wedding so that she could get an idea of what style pictures we were looking for but she also met with us after the wedding to help us carefully go through each photo and select the best ones! The personal attention that Anna gives her clients and her eye for creative photographs made our experience wonderful. Our wedding pictures turned out beautifully and we definitely recommend her to anybody who is looking for a wedding photographer.

Anna Creissen's photographs always capture the true essence and the natural beauty of our flowers. Her careful attention to light and small details makes each picture a work of art. Whenever Victoria Park Florist needs to remember a special design we call on Anna for her wonderful photographs. I highly recommend her services for any wedding or special event.
